Report of Independent Registered Public Accounting Firm

To the Member of EIG Global Energy Partners Capital Markets, LLC

Opinion on the Financial Statement – Statement of Financial Condition

We have audited the accompanying statement of financial condition of EIG Global Energy Partners Capital Markets, LLC (the “Company”) as of December 31, 2018, including the related notes (collectively referred to as the “financial statement”). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

The financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit of this financial statement in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

PricewaterhouseCoopers LLP

McLean, Virginia
February 28, 2019

We have served as the Company’s auditor since 2018.

EIG Global Energy Partners Capital Markets, LLC
Notes to the Statement of Financial Condition
(Dollars in thousands, except where noted)

1. Description of Business

EIG Global Energy Partners Capital Markets, LLC ("the Company") was formed on February 13, 2017 and is organized as a Delaware limited liability company. The Company is governed by a limited liability company agreement (the "Agreement"). The Company is a wholly owned subsidiary of EIG Asset Management, LLC ("EIG AM", itself a subsidiary of EIG Global Energy Partners, LLC ("EIG GEP" or the "Ultimate Parent").

The Company's Financial Industry Regulatory Authority ("FINRA") license and Membership Agreement was approved effective January 18, 2018 to become a registered broker-dealer under the Securities Exchange Act of 1934. As permitted under its Membership Agreement with FINRA, the Company may engage in the following types of business:

- I. Private placement of securities (excluding the sale of oil and gas interests, USCIS EB-5 Programs, and Regulation A+ securities); and
- II. Mergers and acquisitions ("M&A") advisory services.

As described in the Company's FINRA Membership Agreement, the Company does not claim exemption from SEC Rule 15c3-3 (17 C.F.R. § 240.15c3-3 or the "Customer Protection Rule"). The Company does, however, rely on footnote 74 to SEC Release 34-70073 to avail itself of this option by representing that it does not, and will not, hold customer funds or securities, and that its business activities are, and will remain, limited to private placement of securities and receiving transaction-based compensation for identifying potential merger and acquisition opportunities for clients. Consequently, the Company is not required to prepare or present any of the supplemental schedules ordinarily required by the Customer Protection Rule. The Company is also a member of the Securities Investor Protection Corporation.

The Company operates out of the headquarters of EIG GEP in Washington, DC.

2. Summary of Significant Accounting Policies

The following is a summary of the significant accounting policies followed by the Company in the preparation of its financial statements.

Basis of Presentation

The Company's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Cash and Cash Equivalents

The Company considers all highly liquid short-term investments with original maturities of 90 days or less when purchased to be cash equivalents. All cash amounts currently held are on deposit in interest bearing accounts with major financial institutions and may at times exceed insured limits. As of December 31, 2018, the Company did not hold any cash equivalents.

Prepaid Expenses

Prepaid expenses consist of subscriptions and insurance premiums which are amortized over their useful lives.

EIG Global Energy Partners Capital Markets, LLC
Notes to the Statement of Financial Condition
(Dollars in thousands, except where noted)

2. Summary of Significant Accounting Policies (continued)

Income Taxes

The Company operates as a limited liability company in the United States. The results of the Company's operations are included on the consolidated tax return of the Ultimate Parent. As a single-member limited liability company, it is generally not subject to U.S. federal or state income tax and accordingly no tax recognition is reflected in the Company's financial statement.

In the normal course of business, the Company is subject to examination by federal, state, and local jurisdictions, where applicable. As of December 31, 2018, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from 2017 forward.

Disclosure of uncertainty in tax positions requires management to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. For tax positions meeting the more likely than not threshold, the tax amount recognized in the financial statements is the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement with the relative taxing authority. As of December 31, 2018, the Company determined that no liability should be recorded related to the analysis of uncertain tax positions. Management does not expect a significant change in uncertain tax positions within the next year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates and such differences could be material.

3. Related Party Transactions

Due to Parent

The Company entered into a Services Agreement with its parent EIG AM. Under the Services Agreement, EIG AM will provide, or arrange for the provision through others, those facilities, services and personnel as may be reasonably required or useful to enable the Company to perform its broker-dealer business ("the services").

Under an Expense Allocation Methodology laid out in the Services Agreement, the Company shall reimburse Parent for:

- I. Direct costs, if any, incurred by EIG AM on behalf of the Company;
- II. Personal costs, if any, allocated based on the prorated amount of time dedicated to the provision of services to the Company;
- III. Occupancy costs, if any, allocated based upon the percentage of personnel and corresponding floor space allocable to the Company;
- IV. Other costs, if any, allocated on a reasonable basis.

During the period, \$713 of expenses were allocated from EIG AM to the Company under the Services Agreement. All of this amount is outstanding at December 31, 2018 and is included in *Due to parent* in the Statement of Financial Condition.

EIG Global Energy Partners Capital Markets, LLC
Notes to the Statement of Financial Condition
(Dollars in thousands, except where noted)

3. Related Party Transactions (continued)

As of December 31, 2018, the Company had total member's equity of \$3,201. To the extent that sufficient capital is not generated through the Company's normal operating activities, EIG AM would provide any incremental capital required to fund and comply with the minimum net capital rule, with a support letter to such effect in place through one year and one day from the issuance of these financial statements.

Distributions

The Company did not declare or pay any distributions during the period.

4. Commitments and Contingencies

Regulatory Requirement

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule under Rule 15c3-1 of the Securities Exchange Act of 1934. The Company computes its net capital requirement using the basic method of computation. Under this method, the Company's requirement may not be less than 12.5% of aggregate indebtedness or \$5; whichever is greater. The regulations also require that the ratio of aggregate indebtedness to net capital not exceed 8 to 1 during the first twelve months of operations as a broker-dealer and 15 to 1 thereafter. At December 31, 2018, the Company had net capital of \$3,195 which was \$3,095 in excess of its requirement of \$100. The Company's aggregate indebtedness to net capital ratio was 0.25 to 1.

As per Note 1 *Description of Business*, the Company is not claiming exemption from the Customer Protection Rule. The Company has performed the computations of its reserve requirement in accordance with the customer reserve computation set forth under the Customer Protection Rule. At December 31, 2018, the amount required to be held on deposit in "Reserve Bank Account(s)" was \$nil because the Company does not hold customer funds or securities, is not claiming an exemption from the Customer Protection Rule, and its business activities are limited to private placement of securities and receiving transaction-based compensation for identifying potential merger and acquisition opportunities for clients.

Contracts in the Normal Course of Business

In the normal course of business, the Company may enter into contracts which provide general indemnifications and contain a variety of representations and warranties that may expose the Company to some risk of loss. The potential for any exposure under these arrangements is assessed as remote and accordingly the Company has not made any related accruals as of or for the year ended December 31, 2018.

5. Subsequent Events

Management has evaluated subsequent events through February 28, 2019, the date the financial statements were available to be issued.
